PROJECTS

Tourist - Tours & Travels ↗
Jun 2025 - Sep 2025

A modern, full-stack web application for managing tourist services, built with React and Firebase. This platform offers a seamless experience for both tourists and service providers with features like booking management, payment processing, and real-time updates.

Fitness Tracker ↗
Dec 2024 - Mar 2025

A comprehensive fitness tracking and community platform designed to help users achieve their health and fitness goals. This web application combines personal fitness tracking with social features, allowing users to monitor their progress, connect with others, and access AI-powered fitness guidance.

Azure-Skyline-Hotel ↗
Jun 2024 - Sep 2024

A comprehensive hotel booking platform with user authentication, room reservations, and a rewards program, built with HTML, CSS, and JavaScript.
